PROFESSIONAL EXPERIENCE

Platform & Application Support Analyst / IT Service Desk (L1/L2)

SYNGIENCE BUSINESS SOLUTIONS PVT. LTD. (Corsearch Company) | Mar 2023 – Feb 2026

- Delivered L1/L2 application and platform support for enterprise IP protection and trademark monitoring platforms.
- Managed incidents, service requests and problem tickets using Jira while consistently meeting SLA targets.
- Investigated production issues using Elasticsearch and Kibana through JSON log analysis.
- Executed SQL queries using AWS Athena and Microsoft SQL Server for troubleshooting and reporting.
- Collaborated with Engineering, Infrastructure, Product and DevOps teams to resolve critical production incidents.
- Performed Root Cause Analysis (RCA) and implemented preventive solutions.
- Developed SOPs and knowledge base articles to improve support efficiency.
- Supported production deployments, release validation and post-release monitoring.

Key Achievements

- Achieved 98%+ SLA compliance.
- Reduced MTTR through structured troubleshooting and proactive monitoring.
- Improved operational efficiency through support documentation and SOPs.

IT Service Desk Analyst (L1/L2)

Konica Minolta Marketing Services | Jun 2019 – Mar 2023

- Delivered L1/L2 technical support across Windows and macOS environments for global users.
- Supported Microsoft 365, Outlook, Teams, Active Directory, VPN, printers and enterprise applications.

- Supported VDI/Virtual Desktop and Remote Desktop connectivity, troubleshooting login, application, connectivity and performance issues.
- Assisted with Windows migration and deployment activities, including device preparation, application validation, user support and post-migration troubleshooting.
- Installed, configured and supported desktops, laptops and peripherals, including new-user laptop provisioning and workstation changes.
- Supported IMAC (Install, Move, Add, Change) requests and end-user workstation setup.
- Managed user provisioning, MFA, password resets and mailbox administration.
- Provided remote support using TeamViewer, AnyDesk, Citrix and Remote Desktop.
- Managed incidents using ITSM tools while meeting SLA and KPI targets.
- Escalated complex issues to L3 support and maintained knowledge base documentation.

Key Achievements

- Maintained high First Call Resolution (FCR) and customer satisfaction.
- Consistently achieved SLA targets for global users.

IT Executive – L1/L2 Support

Radius Global Services | May 2018 – Jun 2019

- Delivered L1/L2 support for Windows desktops, laptops, enterprise applications and end-user devices.
- Managed Active Directory user administration, password resets and VPN access.
- Diagnosed hardware, software, operating system and network issues.
- Coordinated with infrastructure teams to resolve escalated incidents.
- Maintained documentation while ensuring SLA compliance.

Senior Technical Support Executive – Service Desk

Infosys (Vodafone Project) | Oct 2014 – Apr 2018

- Delivered L1 production support using BMC Remedy.
- Monitored production applications, batch jobs and system performance.
- Supported Oracle OBIEE and Hyperion reporting environments.
- Managed incidents, RCA and major incident coordination.
- Ensured business continuity through proactive monitoring.

Technical Support Executive

Infosys | Oct 2012 – Oct 2014

- Provided technical support for Windows desktops, laptops and enterprise applications.
- Managed user accounts, password resets and access requests.
- Resolved Microsoft Office, Outlook, VPN, printer and connectivity issues.
- Logged and tracked incidents while meeting SLA commitments.
